Wyoming is where the untamed spirit of the West and majestic natural beauty open your mind and invigorate your senses to release your own inner freedom and sense of adventure. For some, adventure may mean taking the kids camping in Yellowstone National Park or visiting a rodeo for the first time. For others, it could be conquering one of the most difficult mountain climbs in the West.

Statistics is a branch of mathematics dealing with data collection, organization, analysis, interpretation and presentation. In applying statistics to, for example, a scientific, industrial, or social problem, it is conventional to begin with a statistical population or a statistical model process to be studied. Populations can be diverse topics such as "all people living in a country" or ...
