

feudal order state society pdf

Feudalism was a combination of legal and military customs in medieval Europe that flourished between the 9th and 15th centuries. Broadly defined, it was a way of structuring society around relationships derived from the holding of land in exchange for service or labour.

Feudalism - Wikipedia

A state can be distinguished from a government. The government is the particular group of people, the administrative bureaucracy that controls the state apparatus at a given time. That is, governments are the means through which state power is employed.
