Other Kinds of Recommendation Letters. Unlike a offer letter, which states how a qualified candidate can benefit should he/she accept the offer of a business, a recommendation letter is created to showcase how an entity can benefit from the applicant.. Aside from its association in the job application of an individual, there are still other usages that a recommendation letter is deemed necessary.

The technology adoption lifecycle is a sociological model that describes the adoption or acceptance of a new product or innovation, according to the demographic and psychological characteristics of defined adopter groups. The process of adoption over time is typically illustrated as a classical normal distribution or "bell curve". The model indicates that the first group of people to use a new ...
