Ecology (from Greek: *oikos*, "house", or "environment"; *-logia*, "study of") is the branch of biology which studies the interactions among organisms and their environment. Objects of study include interactions of organisms with each other and with abiotic components of their environment. Topics of interest include the biodiversity, distribution, biomass, and populations of organisms ...

Jesus' interactions with women are an important element in the theological debate about Christianity and women. Women are prominent in the story of Christ Jesus. He was born of a woman, had numerous interactions with women, and was seen first by women after his resurrection. He commissioned the women to go and tell his disciples that he is risen, which is the essential message of Christianity.
