Business models are perhaps the most discussed and least understood aspect of the web. There is so much talk about how the web changes traditional business models. But there is little clear-cut evidence of exactly what this means.

Business Models on the Web | Professor Michael Rappa

Software engineering is the application of engineering to the development of software in a systematic method.. Notable definitions of software engineering include: "the systematic application of scientific and technological knowledge, methods, and experience to the design, implementation, testing, and documentation of software"â€”The Bureau of Labor Statisticsâ€”IEEE Systems and software ...
