Cost of preference share capital is that part of cost of capital in which we calculate the amount which is payable to preference shareholders in the form of dividend with fixed rate. Even, dividend to preference shareholder is on the desire of board of directors of company and preference shareholder can not pressurize for paying dividend but it doesn't mean that calculation of cost of pref ...

Cost of Preference Share Capital | Accounting Education

We all know that life of business is very long but on the end of every financial year, accountant makes final accounts. When next financial year is started, accountant writes one journal entry in the beginning of every financial year in which he shows all the opening balance of assets and all the liabilities include capital. Then that journal entry is called opening journal entry.

How to Pass Opening Journal Entry | Accounting Education
