It is not only important for the researcher to know the research techniques/ methods, but also the scientific approach called methodology. 1.1.3 Research Approaches:

### **Research Methodology Objectives Unit-I**

Methodology, theory, paradigm, algorithm, and method. The methodology is the general research strategy that outlines the way in which research is to be undertaken and, among other things, identifies the methods to be used in it. These methods, described in the methodology, define the means or modes of data collection or, sometimes, how a specific result is to be calculated.
