"RegRun Security Suite is one of those very rare tool kits that no one who is serious about protecting their PC should ever be without. This toolkit covers all the bases when it comes to eradicating the attempted security threats from malware that we all face - daily.

### **RegRun Security Suite - Greatis Software**

Rogue security software is a form of malicious software and Internet fraud that misleads users into believing there is a virus on their computer, and to pay money for a fake malware removal tool (that actually introduces malware to the computer). It is a form of scareware that manipulates users through fear, and a form of ransomware. Rogue security software has been a serious security threat ...
