THE BUSINESS CASE FOR PURPOSE 1 Businesses face an accelerated pace of change as digitalization, disruptive business, and rapidly changing consumer expectations reshape their world.

The business case for purpose - EY

For many business leaders, software quality is often viewed as a luxury -- something that can be sacrificed, if

necessary, for added functionality, faster development, or lower costs.

The business value of software quality - IBM

A value network is a business analysis perspective that describes social and technical resources within and between businesses. The nodes in a value network represent people (or roles). The nodes are connected by interactions that represent tangible and intangible deliverables. These deliverables take the form of knowledge or other intangibles and/or financial value.

Value network - Wikipedia

A global standard used by millions of people in companies of all sizes. You can use the canvas to describe, design, challenge, and pivot your business model.
