The lungs are located in the chest on either side of the heart in the rib cage. They are conical in shape with a narrow rounded apex at the top, and a broad concave base that rests on the convex surface of the diaphragm. The apex of the lung extends into the root of the neck, reaching shortly above the level of the sternal end of the first rib. The lungs stretch from close to the backbone in the ...

"Dog tag" is an informal but common term for a specific type of identification tag worn by military personnel. The tags' primary use is for the identification of dead and wounded soldiers; as such, they have personal information about the soldiers written on them, and convey essential basic medical information such as the soldier's blood type and history of inoculations.
