The London Underground (also known simply as the Underground, or by its nickname the Tube) is a public rapid transit system serving the capital city London and some parts of the adjacent counties of Buckinghamshire, Essex and Hertfordshire in the United Kingdom.. The Underground has its origins in the Metropolitan Railway, the world's first underground railway.

London Underground - Wikipedia

The Engineering Laboratory promotes U.S. innovation and industrial competitiveness by advancing measurement science, standards, and technology for engineered systems in ways that enhance economic security and improve quality of life.

The September 2017 Revisions to the Standard Specifications are now available for download. Eleven (11) specification have been revised. Below is an index of all the specifications that can be viewed and/or

downloaded individually.

Standard Engineering Design Specifications - Effective 9/1

An earth house (also known as an earth berm, an earth sheltered home, or an eco-house) is an architectural style characterized by the use of natural terrain to help form the walls of a house. An earth house is usually set partially into the ground and covered with thin growth. Modern earth houses are built with concrete walls and insulation.

Earth house - Wikipedia

The Gateway to Up-To-Date Information on Integrated 'Whole Building' Design Techniques and Technologies. The goal of 'Whole Building' Design is to create a successful high-performance building by applying an integrated design and team approach to the project during the planning and programming phases.. The ESM defines the minimum technical requirements for the design, fabrication, construction, commissioning, repair, and replacement of both new and existing systems, structures, and components (SSCs), including both maintenance and modification, for programmatic and facility work. They do not apply retroactively (forcing changes to existing SSCs that are not being touched).

Engineering Standards Manual: Chapters 1 - 17

Industry Research & Insights. SmartMarket Reports provide research on emerging trends that are impacting and transforming the construction and building industry. Stay up-to-date on topics including risk management, building information modeling, world green building trends, and safety advancements.
