Civil society can be understood as the "third sector" of society, distinct from government and business, and including the family and the private sphere. By other authors, "civil society" is used in the sense of 1) the aggregate of non-governmental organizations and institutions that manifest interests and will of citizens or 2) individuals and organizations in a society which are independent ...

During the Upper Paleolithic, human beings developed an unprecedented ability to innovate. They acquired a modern human imagination, which gave them the ability to invent new concepts and to assemble new and

dynamic mental patterns.
