In their later acceptation (beginning with the *Philosophical Investigations*), Wittgenstein's language games established some notions that have extremely important implications for the theory of signs, in that they cover the entire range of semiotic practices. The language games can be understood as the shared conceptual parameters that make it possible to identify and produce signs, and to ...

A reader sent me a beautiful description of the tranquility he finds walking in and communing with nature. It seems my friend has become a forest dweller in the Hindu tradition! I think that if we don't find peace in this way, we probably won't find it anywhere, for many seers and sages have found something vastly preferable in nature and solitude.
